Dockets

IN RE: X-REFS TO

Honorable Joe Barton

2.

We are, of course, sensitive to the concerns of both users of private land mobile radio spectrum and R/C hobbyists. We will, therefore, take into careful consideration all their comments. Your constituent's concerns will be fully evaluated when we develop final rules in this proceeding. As indicated in the Notice, we remain convinced that without significant regulatory change in radio operations in the bands below 512 MHz, the quality of communications in the private land mobile radio services will continue to deteriorate to the point of endangering public safety and the national economy.

We want to thank you for your interest in this proceeding. Comments on the proposals set forth in the Notice are due May 28, 1993, and Reply Comments are due July 14, 1993. We expect final rules to be issued in 1994. We urge your constituent to file formal comments on all aspects of the proposals.

Sincerely,

A handwritten signature in dark ink, appearing to read "Ralph A. Haller", with a stylized flourish at the end.

Ralph A. Haller
Chief, Private Radio Bureau

Social Security: 456-98-0897 VA: _____

Immigration "A" Number: _____ & Date Filed: _____

Case Number: _____ Others: _____

BRIEFLY, STATE THE OUTCOME YOU ARE SEEKING:

I do not want the new Part 88 to pass. I do support the current Part 90.

PLEASE STATE THE NATURE OF YOUR PROBLEM (be specific):

THE F.C.C. PROPOSED Rule PR DOCKET 92-235 replaces Part 90 with a new Part 88. Part 90 now allows for safe use of Radio Control aircraft at 10Khz spacing. The new Part 88 would allow a 2.5Khz spacing between commercial users and R/C. This change would eliminate over half of R/C channels.
